

DOCTORS
say consumption can be cured. Nature alone won't do it, it needs help.

SCOTT'S EMULSION
is the best help, but its use must be continued in summer as well as winter.

Take it in a little cold milk or water. Get a small bottle now. All druggists.

THE STANDARD OF THE WORLD

A Girl Missing Two Weeks.
Nina Knight, 14 years old disappeared from her home at 43 Jefferson avenue, Maspeth, Queens Borough, New York, two weeks ago and her distracted parents have appealed to the police to search for her. The police are also looking for Frank Murphy, 18 years old, who until a few days ago lived at 65 Powers street, Brooklyn. Frank Knight, father of the girl, said yesterday that he believed young Murphy might know something of the whereabouts of his missing daughter.

"After my little girl had disappeared from home," said the father, "we found a letter she left behind. It was addressed to her and was written by young Murphy. I turned it over to Police Captain Gardner of the Newton precinct. One part of the letter read:

"If you don't write and come to me I am going out to get you, and you know what that means."

"That was a threat of some kind," the father said, "and I know it had its effect upon my child."

Mr. Knight is a metal polisher and lives in a neat cottage with his wife, two daughters and one son. On Saturday evening, April 24, Nina asked and obtained permission to go to marionette Park with a few friends. The park is about two blocks from her home. The girl wore a black skirt, a mixed gray jacket and brown veil over her head in the place of a hat. The family have not seen her since. Persons who were in the park say she met Murphy there.

The girl has light hair, blue eyes, was well built and is about 5 feet 4 inches in height. She attended the Maspeth grammar school.

A Lake From Underground.
Three miles southeast of Silver Lake, Ind., on the line between Kosciusko and Wabash counties, a subterranean lake has burst its confines and submerged the highway to a depth of 20 feet and for a distance of more than 100 yards.

Persons who traveled the road late the evening before its appearance noticed no indications of the break, but early travelers next morning were confronted with a fair-sized lake. The lake seems to be filled with eyeless fish.

A Cornell College Romance.
A college romance which began in Ithaca, several years ago will be culminated in the near future when Emory B. Bradow, one of the most famous oarsmen Cornell has ever produced, will marry Miss Agness Z. Sullivan of that city, whom he met and courted while in the university.

Do You Get Up

With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects the inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this paper and send your address to Dr. Kilmer & Co., Home Swamp-Root, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The engagement has just been announced. Brandow entered Cornell from Catskill in the class of 1906. He proved to be an oarsman of such calibre that Courtney put him into the varsity boat in his first year, a rare occurrence at Cornell, and he rowed in the fast 1906 crew which won by a wide margin.

Brandow's athletic career, however, was cut short when he was attacked by blood poisoning and was sent to the Albany hospital, where surgeons despaired of his life. He survived an operation, however, and the next year returned to college and finished his course. Brandow is a civil engineer.

Daring Leap Saves Her.
Motorman Edward Sherer, when he saw a woman crossing the tracks directly in front of his swift-moving trolley car, in Liberty street, East New York, yesterday, realized that she would be knocked down, for there was no chance for him to stop in time. So instead of trying to apply the brake he jumped through his vestibule window out upon the fender and pulled the woman upon the ropes of the protector just as she was struck.

Holding her in one hand, he reached the other hand back to his controller and turned off the power. The car stopped and Sherer helped the woman unhurt, to the sidewalk. She proved to be Mrs. Mary Morrissey of No. 257 Hendrix street.

A Bold Step.
To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. B. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated *Golden Medical Discovery*. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition*.

By this bold step Dr. Pierce has shown that he is not afraid of such excellence that he is not afraid to subject them to the closest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness and all catarrhal diseases, wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a complete list of the ingredients of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address postal card or letter, to Dr. B. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents, and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for women, are the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "square-weed." Our knowledge of the uses of this plant, the most valuable native medicinal plant was gained from the Indians.

As made up by improved and exact processes, the *Favorite Prescription* is a most efficient remedy for regulating all the woman's functions, correcting displacements, relieving the most distressing menstruation, overcoming painful periods, toning up the system and bringing about a perfect state of health. Sold by all dealers in medicine.

Victim Watches Lynching.
In the presence of Mrs. Andrew Deas, whom he had assaulted, in unknown negro was lynched in the suburbs of Jacksonville Fla., early this morning.

The assault upon Mrs. Deas was committed Saturday. She was in the grounds of her home, when the negro sprang from behind shrubbery and seized her. After the negro left Mrs. Deas managed to reach the house and give the alarm. Her son organized a posse, and the assailant was hunted with bloodhounds all Saturday night. He was captured about 4 o'clock and was brought before Mrs. Deas for identification.

"He is the negro," cried Mrs. Deas as soon as she looked at the prisoner. As soon as Mrs. Deas made the announcement the posse began to pour volleys into the prisoner, riddling his body. Not satisfied with this, knives were used and the negro's head was almost severed from his body.

Mrs. Deas is a woman of wealth and of high standing.
